4005 Rural Broadband Experiment

Authorized Rural Broadband Experiment (RBE) recipients must address the certification for public interest obligations, provide a list of newly served community anchor institutions, and provide a list of locations where broadband has been deployed.

Public Interest Obligations – FCC 14-98 (paragraphs 26-29, 78)

Please address Line 4001 regarding compliance with the Commission’s public interest obligations. All RBE participants must provide a response to Line 4001.

4001. Recipient certifies that it is offering broadband to the identified locations meeting the requisite public interest obligations consistent with the category for which they were selected, including broadband speed, latency, usage capacity, and rates that are reasonably comparable to rates for comparable offerings in urban areas?

Community Anchor Institutions – FCC 14-98 (paragraph 79)

4003a. RBE participants must provide the number, names, and addresses of community anchor institutions to which they newly deployed broadband service in the preceding calendar year. On this line, please respond (yes – attach new community anchors, no – no new anchors) to indicate whether this list will be provided.

If yes to 4003A, please provide a response for 4003B.

4003b. Provide the number, names and addresses of community anchor institutions to which the recipient newly began providing access to broadband service in the preceding calendar year.	Name of Attached Document Listing Required Information

Golden West Telecommunications Cooperative, Inc. - Study Area 391640

Response to Line 330 – Description of Unfulfilled Broadband Service Request

Golden West Telecommunications Cooperative, Inc. (Golden West), study area 391640, has concluded that one request for broadband service made during 2016 meets the criteria to be classified as “unfulfilled”.

This request remains unfulfilled due to the extreme distance between the customer’s location and nearest central office. The cost to build new facilities to this individual location is not economically feasible.

Golden West is currently researching other technologies with a goal of finding one that will allow the Company to reliably and cost effectively provide broadband service to remote locations until which time the area is upgraded.

Certification of Service Quality Standards & Consumer

Protection Rules Compliance for Voice and Broadband Services

Golden West Telecommunications Cooperative, Inc. (hereinafter "the Company") hereby certifies that it is complying with applicable service quality standards and consumer protection rules.

This document details the processes and procedures that the Company follows to ensure compliance with service quality standards and consumer protection rules as laid out in FCC Form 481 Instructions.

The Company provides voice grade access to the public switched telephone network (PSTN) at a flat rate, thereby enabling access to emergency services provided by local government or other public safety organizations such as 911.

For service quality standards that are affected by plant issues, the Company engineers and installs its plant and other facilities in such a way as to ensure, to the greatest extent possible, safe, adequate, and continuous service at all times.

In addition, employees are periodically trained on service quality standards and consumer protection issues. In particular, if any set of issues appear to be prevalent, employees are given briefings on how to handle such issues, beyond the normal guidelines in place for resolution of customer complaints. A recent example is the call completion problems that have arisen and the customer calls that are generated as a result. Although this is not a service quality problem caused by the Company, it does affect customers of the Company and, therefore, deserves the attention of the Company employees.

The Company also periodically reviews its operating procedures to be sure that those operating procedures are in compliance with service quality standards and that the operating procedures are not in violation of consumer protection rules. Internally a compliance officer ensures annual employee training and dictates disciplinary processes for improper use of consumer information. If concerns arise that cannot be handled by the compliance officer, legal counsel is sought to assist with a resolution.

If complaints are filed with the Company related to service quality standards or consumer protection rules, the complaint is immediately investigated, the matter tracked and any corrective action noted. This process ensures that problems are addressed and corrections made.

The Company advertises the availability of its services and the charges using media of general distribution and on its website.

The Company is subject to consumer protection obligations for broadband services under federal law. These obligations include, but are not limited to, the following: public disclosure of accurate information regarding network management practices, performance, and commercial terms of broadband internet access services; as a means of providing sufficient information for consumers to make informed choices regarding use of such services, and for content, application, service and device providers to develop, market, and maintain internet offerings as specified in F.C.C 47 C.F.R. Part 8 §8.3.

The Company maintains six business offices throughout its service area providing customers with access to a customer service representative either in person or via a local telephone number or toll-free telephone number during normal business hours. Customers also have access to the repair service and internet help desk twenty-four hours a day, seven days a week by calling a toll-free number, or by calling one of the business office numbers, which forward to these services after hours.

Certification of Functionality in Emergency Situation

Golden West Telecommunications Cooperative, Inc. (hereinafter "The Company") hereby certifies that it is able to function in emergency situations as set forth in §54.202(a)(2).¹ The Company's critical network infrastructure is designed to remain functional in emergency situations without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations as required by Section 54.202(a)(2). The Company can take reasonable steps to reroute traffic around damaged facilities and manage traffic spikes throughout its network, as emergency situations require.

Specifically, each central office building is supplied with standby generators and battery back-up that enable the central office to keep running until power is restored so long as fuel is available and the facility can be safely accessed, or until reasonable system changes are made to reroute traffic.

The capacity of the Company to function in emergency situations encompasses both voice and broadband.

¹ Section 54.202(a)(2) requires ETCs that are designated by the Commission to "demonstrate its ability to remain functional in emergency situations, including a demonstration that it has a reasonable amount of back-up power to ensure functionality without an external power source, is able to reroute traffic around damaged facilities, and is capable of managing traffic spikes resulting from emergency situations."

Golden West Telecommunications Cooperative, Inc.

Description of Tribal Engagement

Golden West Telecommunications Cooperative, Inc. (hereinafter "the Company" or "Golden West"), study area 391640, provides services to a small area on the Yankton Sioux Reservation. On November 4, 2016, by letter sent via certified mail to the Tribal Chairman, the Company requested a joint meeting with the Yankton Sioux Tribe to exchange information and discuss issues related to the deployment and provisioning of communications services on Tribal lands. The Company did not receive a response to the first letter; therefore, a follow up letter was sent via certified mail to the Tribal Chairman on December 21, 2016. No response was received from the follow up letter. The Company received the signed certified receipts back for both letters confirming delivery to the Chairman's office.

While Golden West was not successful in our attempts to engage directly with Yankton Sioux Tribal leaders, representatives from Golden West regularly attend Tribal forums and workshops in order to network with Tribal leaders, as well as gain a better understanding of the needs of our customers in Tribal areas. One event that Golden West staff participated in during 2016 was the Tribal Utilities Forum at the Rosebud Casino in Rosebud, SD held March 30 - April 1, 2016.

In accordance with provisions in the FCC's USF and ICC Transformation Order, paragraphs 636 and 637, and 47 CFR 54.313(a)(9), Golden West Telecommunications Cooperative, Inc. will again attempt to organize a joint meeting with the Yankton Sioux Tribe in 2017. If successful the Company, with Tribal input, will continue to evaluate the need for future service deployments on Tribal lands while working to overcome challenges associated with right-of-way and permitting processes. The feasibility and sustainability of communications services on Tribal lands will be discussed and the Company will, with assistance from the Tribal authorities, attempt to identify additional steps that can be taken to make essential communications services deployed on Tribal lands both feasible and sustainable. The Company and Tribal authorities will also discuss and explore ways in which they can coordinate to ensure that services are marketed on tribal lands in a manner that will relate to the community and resonate with consumers, with the aim of increasing service adoption.

Lifeline Terms and Conditions

Golden West Telecommunications Cooperative, Inc. offers Lifeline program-supported service to qualified low-income residential consumers for one telephone line or broadband service per eligible household. The Lifeline program provides discounts to eligible low-income consumers to help them establish and maintain telephone service or broadband service. Lifeline assistance lowers the cost of either basic monthly local telephone service or broadband service, but not both. Eligible consumers can receive \$9.25 per month in discounts. In addition, the Federal Universal Service Charge is not assessed to consumers participating in Lifeline. Toll Blocking prevents the placement of all long distance calls for which a subscriber would be charged. Toll blocking is available to eligible consumers at no cost.

Lifeline Program Eligibility Information

Program Based Eligibility

Consumers are eligible for Lifeline if they, one of their dependents or their household participate in one of the following qualifying assistance programs:

Federal Public Housing Assistance (Section 8)
 Supplemental Nutrition Assistance Program (SNAP)
 Medicaid
 Supplemental Security Income (SSI)
 Veterans or Survivors Pension Benefit

Lifeline applicants must present documentation demonstrating eligibility either through participation in one of the qualifying federal assistance programs or through income-based means.

Acceptable documentation of program-based eligibility includes: current or prior year's statement of benefits from a qualifying state, federal or Tribal program; notice letter of participation in a qualifying state, federal or Tribal program; program participation documents; or another official document evidencing the consumer's participation in a qualifying state, federal or Tribal program.

Income Based Eligibility

In addition, consumers are eligible for Lifeline if their household income is at or below 135% of the federal poverty guidelines.

2017 Federal Poverty Guidelines – 135%

Household Size	48 Contiguous States and D.C.
1	\$ 16,281
2	\$ 21,924
3	\$ 27,567
4	\$ 33,210
5	\$ 38,853
6	\$ 44,496
7	\$ 50,139
8	\$ 55,782
For each additional person, add	\$ 5,643

Acceptable documentation of income eligibility includes: prior year's state, federal or Tribal tax return; current income statement from an employer or paycheck stub; social security statement of benefits; Veterans Administration statement of benefits; retirement/pension statement of benefits; unemployment/workmen's compensation statement of benefits; federal or Tribal notice of letter participating in General Assistance; or a divorce decree or child support award or other official document containing income information.

Tribal Eligibility

A subscriber who lives on federally recognized Tribal lands and is an eligible resident of Tribal lands is eligible for Tribal Lifeline service or Tribal Link Up if the subscriber, one or more of the subscriber's dependents, or the subscriber's household participates in any of the above-listed qualifying assistance programs or one of the following Tribal-specific federal assistance programs: Bureau of Indian Affairs General Assistance; Tribally Administered Temporary Assistance for Needy Families; Head Start (if income eligibility criteria are met); or the Food Distribution Program on Indian Reservations (FDPIR). Tribal subscribers may also qualify if the household income is at or below 135% of the Federal Poverty Guidelines. Subscribers eligible for Tribal Lifeline may receive their basic monthly telephone service at no charge.

Numbers of Minutes-of-Use Provided as Part of Lifeline Program Service

Golden West Telecommunications Cooperative, Inc.'s Voice Lifeline service includes unlimited local minutes-of-use within the toll-free calling area. Golden West Telecommunications Cooperative, Inc.'s Voice Lifeline Plan does not include any free minutes-of-use for toll. Toll is billed at the standard toll rate depending on which interexchange carrier the consumer subscribes to for toll service. As part of the Lifeline service, toll blocking is available to eligible consumers at no cost.

Rates

Subscribers may receive the Lifeline credit on any type or grade of local telephone service or qualifying broadband service, including bundled services that are normally offered by Golden West Telecommunications Cooperative, Inc. Advertised rates do not include any applicable taxes or surcharges.

Recertification of Lifeline Eligibility

Lifeline recipients are required to recertify their eligibility annually. Failure to properly recertify a recipient's continued eligibility for the Lifeline program will result in termination of the Lifeline recipient's monthly Lifeline discount and de-enrollment from the Lifeline Program.

Additional Lifeline Program Information

The program is limited to one discount per household. Eligible households may apply the monthly Lifeline discount to either broadband service or voice service but not both. Lifeline customers also have the option to apply the discount to a service bundle, such as home phone and home internet. A household is defined, for purposes of the Lifeline program, as an individual or group of individuals who live together at the same address and share income and expenses. Lifeline is non-transferable. Lifeline is a government benefit program, and consumers who willfully make false statements in order to obtain the benefit can be punished by fine or imprisonment or can be barred from the program.

Golden West Telecommunications – Armour (SAC 391640)

Response to Line 3010 – Milestone Certification (47 CFR §54.313(f)(1)(i))

Golden West Telecommunications – Armour, study area 391640, hereby certifies that throughout 2016, it took reasonable steps to provide upon reasonable request broadband service at actual speeds of at least 10 Mbps downstream/1 Mbps upstream, with latency suitable for real-time applications, including Voice over Internet Protocol, and usage capacity that is reasonably comparable to comparable offerings in urban areas and that requests for such service are met within a reasonable amount of time. If a request for broadband service at actual speeds of at least 10 Mbps downstream/1 Mbps upstream is unreasonable, and offering broadband service at actual speeds of at least 4 Mbps downstream/1 Mbps upstream is reasonable, the Company offers broadband service at actual speeds of at least 4 Mbps downstream/1 Mbps upstream.
